CONDITIONS OF SALE

(Room Bidder only)

1. The highest bidder in time shall be the purchaser, and if any dispute arises between two or more bidders, the lot in dispute will be immediately put up again and re-sold, or the auctioneers will declare the purchaser.
2. The auctioneers accept no responsibility for the correctness of the description of any lot and each purchaser will be deemed to have inspected prior to the sale, the lot which he buys.
3. Each lot will be at the risk of the purchaser at the fall of the hammer and will be taken away at the buyer's risk and expense at the close of the sale.
4. The purchasers shall give in their names and addresses and pay for all their respective purchases at the close of sale. No lot will be taken away until paid for and a pass obtained for the auctioneers.
5. If one person purchases two or more lots, the prices of all must be paid before the delivery of any.
6. The auctioneers reserve the right to withdraw from sale, consolidate, or divide any lot or to vary the order of the lots, or to refuse to accept the bidding of any person.
7. In the event of any purchaser neglecting or refusing to complete his or her purchases according to these conditions, the auctioneers shall be at liberty to resell the same either by public auction or private contract and the purchaser making such default shall be liable for the deficiency (if any) arising from such re-sale and for all relevant expenses.

NOTES FOR ABSENTEE BIDDERS

Absentee bidders are advised only to bid on items which have condition coding and estimates, condition and faults are not necessarily described on lots without a condition coding.

Absentee bidders can, within 7 days of receipt of goods, return any lot purchased by them that is found to be not as described in this catalogue or when it is proved not to be genuine as implied in the catalogue, with full refund of purchase price, providing it is returned in the same condition as sold. This does **not** include minor discrepancies in measurements etc, and lots without condition coding.

Lots will be purchased by the auctioneer, on your behalf at the lowest price possible as is allowed by other postal bids, vendor's reserves and bids from the room.

Successful purchasers will be invoiced after the sale and payment is required by return. Purchases will then be despatched as per their instructions.

Invoice will include £4.80 per lot charge for packing, (postable sizes only), and a nominal charge for insurance.

**Please, only bid if you are prepared to pay
IMMEDIATELY upon receipt of your invoice.**

Have you ever wondered, how all the wonderful objects in our museums were made? The masterly use of hand tools by our ancestors would probably be at the core of the answer. Often those skills and particularly the tools that were used have been left out of the limelight though.

Are you interested in; hand tools and making objects, collecting, crafts and trades, material culture, museum studies, social history, folk art? If the answer is 'yes' to any one of these topics, this publication may pique your curiosity!

In this publication, various antique tools are illustrated and analysed, in relation to their previous functions, their cultural value as objects, and why they are studied and collected.

Our current times are dominated by mass-produced objects, many being the results of computer software design and automated production lines. The tools illustrated within this book may provide refreshing alternatives to this. Take a closer look at these examples of craftsmanship from our collective past.

Tools and Trades History Society

The object of the society is to advance the education of the general public in the history and development of hand tools and their use, and of the trades people who used them.

Website

The Society's website, www.taths.org.uk has details of publications, library index, meetings, membership, museums, grants and technical enquiries, and is being continually expanded - including a link to our Facebook page.

Publications (Free to members)

The Society publishes a journal, *Tools & Trades*, three times a year. This is sent to all members and contains not only information on forthcoming events and reports of past activities, but articles on all aspects of tool history and of the trades that used then and related products. In addition, occasional publications, of reprints of early catalogues or of recent in-depth monographs are supplied free to members.

Library

The Society owns an extensive library of books and catalogues which is housed at the Museum of English Rural Life (MERL) at Reading University, Redlands Road, Reading, RG1 5EX. Email: merl@reading.ac.uk (Tel: 0118 378 8660). The library is available for members to use by appointment with the librarian.

Salaman Awards

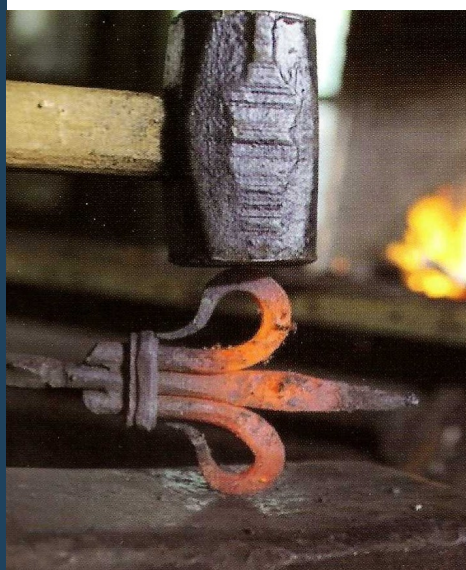

The Society encourages research in our field of interest and can give Salaman Award grants annually to help research projects. Application details are on the website.

Educational Activities

The Society attends events nationally and locally with displays of tools and demonstrations to illustrate their use.
